

2024 Becker County Certified Weed Free Gravel Pits

The goal of the Gravel Pit Certification Program is to buy and move gravel with a reduced seed bank, maintenance, cost and spread of both invasive and noxious weeds.

Becker County will purchase gravel/borrow material from Certified Pits only, including new pits that become participants in this program.

Participation in the certification program is voluntary for new and existing pits. Requires a signed agreement.

Two Annual Inspection: Spring and Fall. Certification is May 21, 2024 through May 21, 2025
