RAC Meeting

Tuesday, July 15th, 2014 @ 4:00 PM
Becker County Court House
1st Floor Board Room

AGENDA

1. Chair Welcome & Introductions
2. April 1st Meeting Minutes: Review/Approval
3. July 15st Agenda Review/Approval
4. Open Forum
5. National Park Service: Rivers, Trails and Conservation Assistance Program

With a deadline of August 1st, (this would need to be put on the next Board docket) the aim is to have the RAC discuss interest, the opportunity and what type of project might be applicable. I've enclosed an email from Mike Neusser of White Earth (Economic Development Director, WE) and what his initial thoughts were as Mike was the one who made Marty and I aware of the NPS opportunity.

See related RTCA attachments.

6. Park and Trail Legacy Grant Application for discussion

In April this issue was on the RAC agenda in which a preliminary project scope was being discussed and refined by the master planning trails group (representatives from DMRA, Detroit Lakes and the County). There have been additional meetings, internal discussions amongst staff and conversations with DNR staff to continue to refine project scope for the two recreation areas and related trail connections. The attachment as noted below provides options/issues for discussion.

See draft pdf attachment entitled: *Mt. View Recreation Area Park Improvement Options and Connecting Trail Options to Link with Detroit Mt. Recreation Area and the Heartland Trail*

7. Other Issues
8. Agenda Items for Next Meeting
9. Adjournment
