Identify challenges in **financial assistance** that are prohibiting you from properly serving Minnesota Family Investment Program (MFIP) families in your community.

Challanges in Becker County are consistently in transportation and daycare for young children and infants.

Identify challenges in **employment services** that are prohibiting you from properly serving MFIP families in your community.

Most daycare options are at capacity, and long waiting lists pose significant challenges to providing services to MFIP families. Recent updates to the program introduce complexities that may present challenges in maintaining full compliance. While these changes are intended to improve the program, they may require additional support and resources to ensure that the program continues to operate effectively and meets its objectives.

Identify resources in your community that benefit MFIP families.

Community Action Councils, health resources, vocational rehabilitation, and counseling services provide critical support for employment, medical, and mental health needs. Faith-based organizations and food shelves help with basic necessities like clothing and food. Housing assistance programs contribute to family stability, while peer support groups offer emotional support.

Identify resources that are **not available in your community** that would benefit MFIP families.

There are not enough childcare options available, with most providers at full capacity and long waiting lists making access extremely difficult. Transportation options are also unavailable outside of normal daytime hours, creating barriers for those who work non-traditional shifts. Affordable housing is in short supply, and there are few programs to help low-income individuals with transportation needs, such as vehicle purchase or repair. Furthermore, many employers are not open to hiring individuals who are non-English speakers, have limited education, or have legal backgrounds. There is also a need for increased funding to support more On-the-Job Training (OJT) opportunities to help individuals gain employment and improve their long-term stability.

You are about to see a summary of your responses on the next page when you click "Next." This is a spot to review your answers to your questions and to help prepare a PDF summary of your answers for the 30-day Public Comment Period.

Once you click "Next" and are taken to the following page, please do **NOT** click "next" or "submit" on the next page at this stage in the process. Your responses to the PDF summary need to be posted for 30 days prior to your submission of your answers and responses. Once you have had 30 days for public review and comment on BSA responses entered here, then you can log back in on the link that was provided in your original email and access the survey to submit for completion of the 2026-2027 BSA.
